Such as, how many fields to use for the shoot, how many referees, how much food for lunch or dinner etc. It is good skeet etiquette.

Meramec Open review submitted by Rob Gyngard

St. Louis Skeet and Trap hosted their first shoot of the year on Saturday, May 26. Since the last flood, the club house has been remodeled and it is really outstanding. Not only does it look great, it has been updated to facilitate the removal of interior cabinets, tables, etc in case of another flood. The grounds looked great, all the houses and fences have been recently painted. The club is in the process of updating the electric service to the skeet and trap fields, in addition to installing new field lights. The turn out for the shoot was excellent with approximately 38 shooters participating. With good targets and warm weather we had a lot of good scores. Jeff Nichols won the HOA. The complete results will be available on the NSSA website. I am sure the St. Louis Open (June 29, 30 and July 1) will be even better. All the programs are on the MSSA website in PDF format.

Also of interest **The Zone 5 skeet Championships** will be held August 10, 11 and 12 at Sauk-Prairie Trap and Skeet. Looks to be a great event, go to <https://zone5skeetchampionships.com> for complete information.
